MENTOR INFORMATION

Areas of mentorship:

I spent 40 years as a full time professional artist, supporting my family. I can offer my experience as a bronze sculptor, my subject matter horses, western and wildlife. I can also offer my skills at my marketing methods which would possibly be helpful to people in other media. I am willing to donate a copy of my self published book A SURVIVAL GUIDE FOR BRONZE SCULPTORS to anyone who wants one (as long as my copies last.) 281 pages with about two thirds of it about marketing and the business of being an artist.
